Proposition #10 R.A.P. TAX Reauthorization

Pamphlet Prepared by
Amanda Bennett, Mayfield Town Recorder

Supporting Arts, Parks, & Recreation

HOW RAP WORKS

The Recreation Arts and Parks Tax is a small sales tax paid by everyone who shops in Mayfield Town-not just Mayfield Residents.

For almost every purchase made in Mayfield Town, one penny (1¢) of every ten dollars (\$10) is collected to be used solely for recreation, arts, and parks programs or events in Mayfield Town.

For every
\$10 Spent in Mayfield Town

1¢ of revenue
is collected

WHAT ARE RAP TAX FUNDS USED FOR

RAP Tax funds have supported the Gunnison Valley Recreation program for our youth sports programs, as well as adult pickleball leagues.

These programs demonstrate how even a small tax can have a big impact.

Fiscal Impact Estimate

Since its adoption, the RAP tax has generated approximately \$549,185 across Centerfield, Gunnison, and Mayfield between 2013 and 2025, with \$22,812.17 of that collected in Mayfield alone. In 2024, Mayfield received about \$2,485, and 2025 collections are estimated at \$2,852. These revenues have funded local recreation facilities, arts programs, and park improvements. If reauthorized, the RAP tax is expected to continue producing about \$45,000–\$50,000 annually for Gunnison City, without significant new administrative costs.

Legal Impact

Reauthorizing the RAP tax will allow Mayfield Town to continue collecting and using 0.1% local sales and use tax, as permitted under Utah Code §59-12-1402. The tax proceeds must be used for projects and programs related to recreation, art, and parks. Failure to reauthorize the RAP tax will result in the expiration of the tax, and Mayfield Town will lose this dedicated funding source. No new legal requirements, restrictions, or liabilities are created beyond the continuation of the existing RAP tax framework.

SAMPLE Ballot Proposition #10 Mayfield Town, Utah RAP Tax Election November 4, 2025

Shall Mayfield Town, Utah, continue to impose a sales and use tax of one-tenth of one percent (0.10%) on taxable transactions within the Town, as provided by Utah Code § 59-12-1402, for the purpose of funding recreational, cultural, botanical, and recreational facilities and related operational expenses within Mayfield Town or through interlocal agreements?

This proposition, if approved, will allow Mayfield Town to continue collecting the RAP tax for a period of ten (10) years beginning upon the expiration of the current authorization, to fund and maintain parks, trails, recreational facilities, and community cultural activities.
